Cape Town + Durban

WHERE: Cape Town, South Africa; Durban, South Africa

A South African honeymoon is a choose-your-own-adventure destination that allows couples to tailor their first trip as newlyweds to their exact desires. The “Mother City” of Cape Town is a great starting point, where two oceans, tons of wineries, multiple safari options, and vibrant nightlife throw a little adventure and excitement into the mix before hopping a short plane ride to Durban to enjoy its slower pace, luxury boutique accommodations (like the charming [Oyster Box](#)), and significantly warmer waters.
