

# LUXE GETAWAYS

TRAVEL IN STYLE

[Toscana Resort Castelfalfi](#) is an eco-resort encompassing 2,700 acres of protected terrain, and a beautiful getaway. LuxeGetaways was excited to learn that they are officially set for a summer 2020 launch of its new luxury golf clubhouse as the latest development at [Golf Club Castelfalfi](#). Known as one of Tuscany's finest and largest championship golf course, it is widely recognized as a year-round mecca for golfers of all abilities. The new clubhouse design will uphold the resort's commitment to sustainability and immersive experiences, and elevate the golf offerings to a new level of luxury for local members, guests, and residents who have purchased apartments, villas, and farmhouses on the estate.

Since its opening in 2007 by TUI Group, Toscana Resort Castelfalfi has become a beacon of luxury hospitality in the rolling hills of Tuscany, committed to promoting sustainability through its support of local community endeavors, recycling water on the estate, reconstructing historic local architecture with low environmental impact, and producing organic wine and olive oil. As the resort's next restoration project, the new clubhouse will be housed in one of Castelfalfi's ancient farmhouses, employing green building principles with recycled wood and reclaimed stone and incorporating authentic Tuscan design features such as wooden beams and terracotta ceilings.

Once completed, the clubhouse will include luxury changing rooms, state-of-the-art-meeting and event spaces, and a fine-dining restaurant that will offer regional favorites prepared with local, organic ingredients and wine from the estate's vineyards. Following the opening in June, a special calendar of events will be introduced, including talks from experts, golf workshops, culinary events, and wine pairings to complement the wider resort offering; and to appeal to those golfers seeking diverse local experiences to enjoy around their golf holiday.

Golf Club Castelfalfi is comprised of a scenic 27-hole layout split into two modern courses by renowned golf architects Preissmann and Moroder. The courses have been created sustainably to follow the natural morphology of the landscape. Additionally, the club carefully manages the development of renewable energy by recycling its water resources and carries the internationally recognised golf eco-label GEO Certified™. The 18-hole Mountain Course is a more challenging option for experienced golfers while the 9-hole Lake Course is suitable for improvers and complete beginners who can take advantage of daily-personalized lessons. Both courses offer an unparalleled golfing experience in a beautiful setting further enhanced by Tuscany's mild year-round climate.

**Plan Ahead:** A three-night Unlimited Golf package at Toscana Resort Castelfalfi starts from \$880 per person. This includes three-nights' accommodation at the luxury Il Castelfalfi 5\* hotel with breakfast, 3 three-course dinner for one at restaurant La Via del Sale, 2 18-hole Green Fees including driving range, and 3 entrances to La Spa.
